Guardians! Get paid for your pro bono clients with AGED's Guardianship Benevolent Fund

The Guardianship Benevolent Fund was developed to help guardians and their attorneys receive payment for services provided to indigent guardianship clients who do not have the funds to pay for services. Funding is county specific and the availability of funds varies by county.

People shouldn't live in the hospital, yet it happens all the time. The Community & Hospital Guardianship program can help.

Patients with questionable capacity end up living in the hospital for six months, a year, or longer, all because they cannot discharge without a guardian.

The Community & Hospital Guardianship (CHG) program was designed help get patients connected with a guardian, out of the hospital, and back out into the community.
