Guardians! Get paid for your probono clients with AGED's Guardian Benevolent Fund

The Guardian Benevolent Fund is an AGED program developed to provide partial payment to Professional Guardians and their Attorneys for services rendered to Wards who do not have the funds to pay for services. Funding is based by region, and is first come, first serve.

People shouldn't live in the hospital, yet it happens all the time. The Community & Hospital Guardianship program can help.

Patients with questionable capacity end up living in the hospital for six months, a year, or longer, all because they cannot discharge without a guardian.

The Community & Hospital Guardianship (CHG) program was designed help get patients connected with a guardian, out of the hospital, and back out into the community.
